

Can'd Aid's CRUSH IT CRUSADE

FREQUENTLY ASKED QUESTIONS

WHAT KIND OF APPLICATIONS ARE APPROVED?

This is not a one-size-fits-all program. Both event-based and ongoing programs are encouraged, but annual or one-time events are not a good fit. Candidates are assessed based on a criteria that includes a program's potential to be most impactful in terms of waste diversion, recycling education and Crush it Crusade promotion.

WHAT DOES A TYPICAL GRANT PROVIDE?

A Crush it Crusade grant will provide recycling bins, training on how to launch and manage a recycling program and seed funding. Recipients may find that they need one, but not all three resources. For instance, a community park may already have a citywide recycling program but is in need of permanent, outdoor recycling bins.

WHAT CAN THE SEED FUNDING BE USED FOR?

Can'd Aid approves grants for organizations at all stages of their recycling program's development, launch and improvement. Seed funding can be used for product, staff/volunteer training, temporarily subsidizing hauling expenses and various supplies needed to get a recycling program off the ground.

WHAT IS THE AVERAGE GRANT SIZE?

Crush it Crusade grants have assisted recycling programs at varying levels of financial support. Though a typical grant generally falls within the \$5,000-\$10,000 range, grants well outside of this range on both sides are considered based on the merit of their program in the areas specified above.

WHEN IS THE GRANT APPLICATION DEADLINE OR IS IT A ROLLING GRANT?

This is a rolling grant; applicants are welcome to apply at any time.

WHAT IS EXPECTED FROM GRANT RECIPIENTS?

All Crush it Crusade grantees are viewed as partners in promoting the importance of recycling, the aluminum can and the need to eliminate single-use plastic. As such, it is asked that CIC partners display one or more [CIC Tool Kit](#) items at all events and partner facilities. Additionally, grant recipients are required to report all waste diversion efforts on a quarterly basis using the [Crush it Crusade Waste Diversion Spreadsheet](#).

WHAT KINDS OF RECYCLING RECEPTACLES ARE AVAILABLE?

There are essentially three types of bins – outdoor, indoor and event-based. We recommend taking a look at the links below, which feature a wide variety of bins suitable for a multitude of uses. If you have a product in mind that is not available through one of these links, indicate the type of bins your organization requests in your application, and we will work to meet your needs.

Event-Based: [ClearStream](#)

Facility-Based: [Recycle Away](#) | [Webstaurant](#) | [Waste Wise Products Inc.](#) | [Global Industrial](#)

DOES THE CRUSH IT CRUSADE STILL SEEM LIKE A GOOD FIT FOR YOUR ORGANIZATION'S NEEDS?

Please gather the requested information and follow the steps below:

1. Does your organization need employee/volunteer training on how to launch and manage a sustainable waste diversion program? If no, move on to step 2. If yes, please reach out to recycling@candaid.org with the subject line "Crush it Crusade Budget Development", briefly explain your recycling program needs and we will work with you to develop a budget. *You will need to have a final budget before moving on to the next step.*
2. Using the links above, determine the quantity and type of recycling bins your organization desires. You will need to have this information when filling out the grant application.
3. Be prepared to select what items you would like and quantity of each in the [CIC Tool Kit](#).
4. Congrats! You are ready to fill out your grant application [HERE](#). **Please note:** Answers can not be saved in the application form. We recommend crafting your responses in a separate document before entering them.
